

Where Exceptional Care Meets An Exceptional Career

JOIN EAST COAST CHIROPRACTIC IN
FREDERICTON, NEW BRUNSWICK

Helping you live **life** at **your**
highest level possible

WHY WE EXIST

We built the office we'd want our own family to visit.

12 years ago we set out to open a practice that was unlike any on the east coast. We envisioned a place that we wanted our own families to come to, a place that focused on delivering high quality chiropractic care while creating a culture of health to be passed down through generations.

A place where practitioners had the time to provide exceptional and specialized care. Where every person coming in feels like family.

Our vision has grown into one of Fredericton's most respected chiropractic offices, trusted by thousands of patients, and supported by a remarkable team.

WHO WE'RE LOOKING FOR

Chiropractors who care deeply about helping people thrive.

At East Coast Chiropractic, we're looking for someone who believes that exceptional care goes beyond simply addressing symptoms. We are looking for someone passionate about understanding the whole person, committed to delivering outstanding hands-on care, and always looking for ways to help people move, feel, and live better.

Someone that takes pride in their adjusting skills and recognizes the value of pairing great hands-on care with practical strategies that empower patients between visits.

Whether your passion is rehabilitation, exercise, nutrition, neurology, movement, athletes, families, or another area of interest, you'll have the freedom and encouragement to develop an approach that reflects your strengths and helps the people you want to see achieve lasting results.

We're not looking for chiropractors who all practice the same way. We're looking for people who share the same commitment to excellence. If you're motivated to continually grow, collaborate with others, and refine your craft, we'll provide the mentorship, resources, and support to help you become the very best version of yourself as a healthcare professional.

YOUR CAREER HERE

The freedom and support to do your best work.

Mentorship + Growth

Whether you're early in your career or an experienced practitioner, you'll be supported in reaching your professional goals. Healthcare shouldn't feel isolating. You'll be surrounded by a team that's always willing to share ideas, celebrate successes, and help work through challenging cases. We believe collaboration makes everyone better. Continue developing your skills in an environment that values lifelong learning and clinical excellence.

Dream Come True

We've built the systems so you can focus on what you do best...caring for people. From a dedicated and skilled administrative team and established marketing to scheduling, billing, and technology, you'll have all the support needed to build a thriving practice.

Compensation

We believe compensation should support long-term success for both you and the practice. Whether you're looking for the stability of a salary or the opportunity of a performance-based compensation model, we're open to working together to create a structure that aligns with your goals.

Benefits

Enjoy a healthcare benefit plan, continuing education opportunities, team events, and a culture that values work-life balance and long-term career satisfaction.

The freedom and support to do your best work.

Strong Start

You'll be joining a practice with a well established reputation and a consistent multi-month waitlist for new patients year after year. You'll have the opportunity to begin building your patient base from day one, with the support and systems in place to help you develop a full, rewarding schedule in a relatively short period of time.

Experience

You'll be joining a practice with a proven track record of helping associate chiropractors succeed. We've had the privilege of supporting two exceptional associates who built thriving practices and loved being part of our team. Their departures were solely the result of military relocations.

Time Off

Our team takes 4 weeks off per year in addition to all stat holidays. We understand the requirement for adequate recovery and encourage all team members to take this time together.

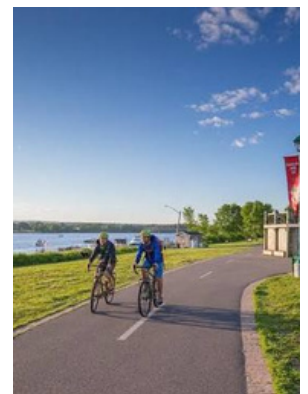

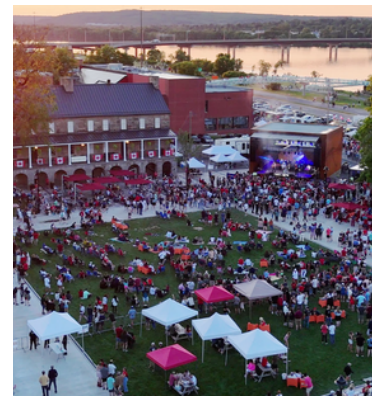

Sustainability

Everyone has a different vision of what a fulfilling career looks like. We'll help you create a schedule that allows you to do your best work while maintaining your health, feeling balanced, and enjoying your career.

A great career **balanced** with a great life outside of work

Fredericton offers the perfect balance of city living and outdoor adventure. Surrounded by nature, you'll enjoy easy access to rivers, lakes, trails, a ski hill, beaches, and countless opportunities to stay active year-round. Coffee shops and markets are abundant. Golf courses are plenty. It's a welcoming, family-friendly city with a strong sense of community, and all the amenities you need; large enough to offer opportunity, yet small enough to enjoy a relaxed pace of life and more time doing what you love.

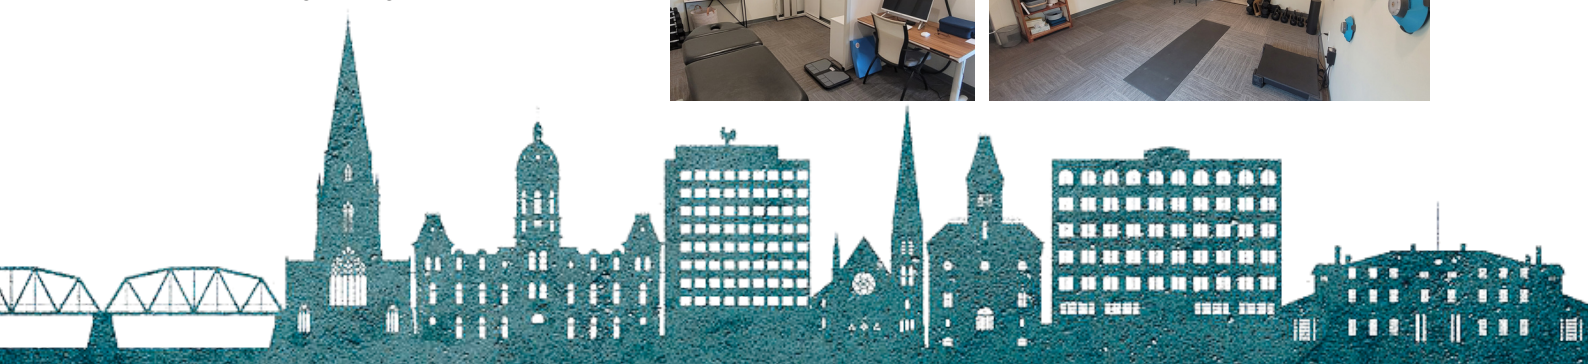

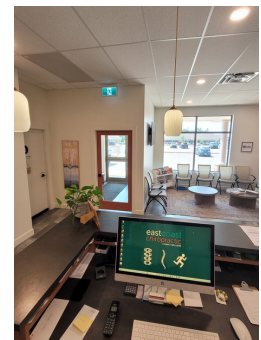

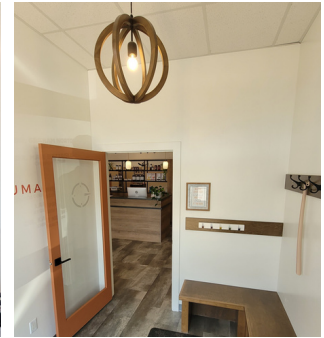

WHERE WE DO AWESOME THINGS

Imagine walking into a warm, welcoming space every day—designed to help both patients and practitioners *feel at home.*

We believe that a healthcare office environment positively affects both the health of it's patients and it's team. That's why we've created a space that's bright, welcoming, and intentionally designed for both patients and practitioners.

From the large entryway and comfortable reception area, every detail reflects our commitment to creating a place where people feel supported, connected, and excited to come to work each day. Each practitioner enjoys their own dedicated care room, giving the freedom to create a space that reflects their personality and the way they practice.

Built Around Better Care.

We believe exceptional care is never the result of one thing alone. It's the combination of skilled hands-on adjusting, thoughtful assessment, patient education, rehabilitation, and the right resources. That's why we've intentionally invested in the technology, tools, and support that allow our chiropractors to provide the highest level of care while continuing to develop their own unique style of practice.

What you'll have access to at East Coast Chiropractic:

- on site digital x-ray
- Right Eye eye-tracking technology
- HeartMath Heart Rate Variability testing
- Balance testing (BTracks)
- Postural Analysis (Posture App)
- Blaze Pods
- VibePlate
- Motion Guidance training system
- NecksLevel
- Accustim adjusting tool
- Thuli table (highest quality drop pieces)

We also order wholesale supplements from Designs for Health, Aqua Omega, Ancient Nutrition, and VitaAid in addition to our Fullscript dispensary. We offer products like resistance bands, exercise balls, Dennerolls, orthotics through Footmaxx, MyoMunchees, and other baby/family related products for sale to uplevel the results you can achieve for your patients.

MORE AWESOME THINGS

chiropractic
& FAMILY WELLNESS

Community is one of our highest values. Not only the people that come to us for healthcare but the greater community we live in.

Over the years we have taken part in a variety of community events:

- Annual Christmas Fundraiser for the Women in Transition House and Greener Village
- Supporting local businesses by hosting regular in office holiday contests and purchasing gift cards as prizes
- Fredericton Diaper Bank fundraiser
- Team + School Sponsorships / Patient sponsorships
- Organizing and attending family focused events: Mom Boss Market, Pregnancy Talks, Flora's Walk, Mom And Baby Expo

YOUR CAREER HERE

The heart of our practice.

The relationships we've built within our team are one of the things we're most proud of. Over the years, we've celebrated milestones, welcomed new babies, shared countless laughs, volunteered in our community, and created friendships that extend well beyond the office walls.

We've golfed, skied, biked, bowled, and played pickleball together. We've enjoyed meals and lots of coffee together. We've learned that when people feel supported, valued, and connected, they do their best work, and our patients feel the difference. As we continue to grow, we're looking for someone who wants to become part of that story.

YOUR CAREER HERE

The right opportunity changes everything.

We know that choosing where to build your career is one of the most important professional decisions you'll make.

We're committed to creating an environment where great people can do meaningful work, continue growing, and genuinely enjoy coming to work each day.

If you're looking for more than just your next position, we'd love to start a conversation.

Coffee's On Us.

If you're curious about joining our practice, we'd love to meet for a coffee (or a virtual chat) with no pressure and no expectations. Just an opportunity to get to know each other and explore whether we're the right fit.
